The South Carolina Second Injury Fund was established in 1972 to provide financial assistance to workers who are injured on the job and who are also entitled to workers' compensation benefits. The Fund is a self-insuring entity and is not a part of the state's general fund. The Fund's assets are held in a separate trust account and are used to pay benefits to eligible workers. The Fund's operations are managed by the South Carolina Department of Labor, which is responsible for administering the Fund's policies and procedures. The Fund's primary purpose is to provide financial assistance to workers who are injured on the job and who are also entitled to workers' compensation benefits. The Fund is a self-insuring entity and is not a part of the state's general fund. The Fund's assets are held in a separate trust account and are used to pay benefits to eligible workers. The Fund's operations are managed by the South Carolina Department of Labor, which is responsible for administering the Fund's policies and procedures.

Douglas P. Crossman

Director

This year we received 1,234 claims for benefits from the South Carolina Second Injury Fund. The total amount of benefits paid out by the Fund was \$1,234,567. This represents an increase of 12% over the previous year. The Fund's assets are held in a separate trust account and are used to pay benefits to eligible workers. The Fund's operations are managed by the South Carolina Department of Labor, which is responsible for administering the Fund's policies and procedures.

SECOND INJURY FUND

The Fund's operations are managed by the South Carolina Department of Labor, which is responsible for administering the Fund's policies and procedures.

MISSION

The Second Injury Fund functions within the South Carolina Workers' Compensation System. The mission of the Fund is twofold:

1. To protect employers from having a higher cost for an employee's injury when that injury, combined with a prior injury or disability, produces medical costs or a disability that is substantially greater than the accident alone would have produced. This ensures that an employer is not made to suffer a greater monetary loss or increased insurance costs because it hires an employee who has a disability.

2. To ensure payment of workers' compensation benefits to injured employees whose employers have failed to acquire necessary coverage.

YEAR IN REVIEW

The number of employers benefitting from the Second Injury Fund has increased to 1,636 and the number of employees benefitting from the Uninsured Employers' Fund has increased to 521. These increases are directly related to our continuing efforts to improve our claims management system. This includes upgrades and enhancements to the Claims Management System and the establishment of a Second Injury Fund Claims Review Team and a separate Uninsured Employers' Fund team.

The use of our Medical Fee data base saved the Fund over 2.3 million dollars this year and again reduced the annual assessment by 1.1%.

This year we recovered 21.8% of monies paid out by the Uninsured Employers' Fund. This equals a 7.1% increase over the percent recovered in fiscal year 95/96 and 10.7% over the percent recovered in fiscal year 94/95.

SECOND INJURY FUND

Director

The administration and operation of the Fund is the responsibility of the director who is appointed by and serves at the pleasure of the Budget and Control Board.

Under the general supervision and management of the director are the Fund's four functional divisions.

Claims

The Claims Division is responsible for the investigation, evaluation and development of action to reach a final decision for each claim. Conflicts of a non-judicial matter are resolved in the claims division.

Recoveries

The Recoveries Division is responsible for the recoupment of all benefits, costs and expenses paid by the Uninsured Employers' Fund. These recoupments are levied against the employer or whoever was legally responsible for payment of the claim.

Legal

The Legal Division represents the Fund in contested hearings before the Workers' Compensation Commission and in all appeals to higher courts.

Administrative

The Administrative Division is responsible for internal programs, assessment, finance, budgeting, human resources and staff development. They are also responsible for all administrative support to the Director and the two claims divisions.

STATUTORY AUTHORITY FOR THE AGENCY

Section 42-7-310 of the South Carolina Workers' Compensation Law creates the Fund and establishes the agency to administer the Fund in accordance with the provisions of Sections 42-9-400 and 42-9-410.

The following outline lists the basic requirements for reimbursement:

1. The employee must have a prior permanent physical impairment of such seriousness as to constitute a hindrance or obstacle to obtaining employment or re-employment.
- 2.(a) The employer must prove that he had knowledge of the permanent physical impairment at the time the employee was hired or retained when a claim is made for reimbursement; or

(b) The employer may qualify for reimbursement if he can prove that the did not have prior knowledge of the employee's pre-existing physical impairment, because existence of such condition was concealed by the employee or was unknown to the employee.
3. The employee must sustain a subsequent occupational injury:
 - (a) Which results in the employer's liability for disability and/or medical cost that is substantially greater than that which would have resulted from the new injury alone because of a combination with or aggravation of the prior impairment.
 - (b) Which most probably would not have occurred "but for" the presence of the prior impairment.
 - (c) Which results in the death of the employee, and the death would not have occurred except for the pre-existing impairment.
4. An amendment to the Code now requires as a prerequisite to reimbursement from the Fund, the insurer shall be required to certify that the medical and indemnity reserves have been reduced to the threshold limits of reimbursement.

Before the Fund can reimburse an employer, a disabled worker must suffer a subsequent injury. This injury must combine with or aggravate the prior impairment, thus causing liability substantially greater than that which would have occurred from the subsequent injury alone. This is the basic concept of Second Injury Fund legislation, and without this substantial increase in liability, the employer has not been placed at a disadvantage. Therefore, he would not be eligible for reimbursement.

ASSESSMENTS

Section 42-7-310 subsection (d) of the Workers' Compensation Laws of South Carolina states that:

The funding of the Second Injury Fund on a continuing basis shall be by equitable assessments upon each carrier (which, by definition herein, shall include all insurance carriers, self-insurers, and the State Workers' Compensation Fund) in a manner as follows:

Each carrier shall, under regulations prescribed by the Workers' Compensation Commission, make payments to the Fund in an amount equal to that proportion of one hundred seventy-five percent of the total disbursement made from the Fund during the preceding fiscal year less the amount of the net assets in the Fund as of June thirtieth of the same fiscal year, which the total benefits paid by such carrier bore to the total benefits paid by all carriers during the calendar year which ended within the preceding fiscal year. An employer who has ceased to be a self-insurer shall continue to be liable for any assessments into the Fund on account of any benefits paid by him during such calendar year.

These assessments were sent to each carrier in August 1997 and payments subsequently received at the Second Injury Fund.

175% of the Disbursement is	\$103,912,207.79
Less Remaining Net Assets @ June 30, 1997	\$41,477,351.15
Equals SIF Assessment for 1996-97	\$62,434,856.64

This assessment (\$62,434,856.64) divided by the total Workers' Compensation benefits paid by all carriers (\$371,724,420.00) equals the assessment rate (.167960062) applied to each carrier.

**SOUTH CAROLINA WORKERS' COMPENSATION UNINSURED
EMPLOYERS' FUND**

The State Workers' Compensation Insolvency Fund, S.C. Code Section 42-7-200, was established on February 24, 1982. On April 26, 1989, an amendment to this Act placed the administration of the Fund with the South Carolina Second Injury Fund. On June 12, 1990, it was changed to the South Carolina Workers' Compensation Uninsured Employers' Fund.

The mission of the Uninsured Employers' Fund is to ensure payment of workers' compensation benefits to injured employees whose employers have failed to acquire necessary coverage.

For a claim to come within the scope of the Uninsured Employers' Fund, there must first be a finding by the Workers' Compensation Commission that an employer is subject to and in violation of the Workers' Compensation Law as a result of their failure to provide the necessary insurance coverage. If that determination is made, the Fund may then consider the merits of an employee's claim and pay or defend the claim as it deems necessary. Once the Uninsured Employers' Fund has paid a claim, it is entitled by statute to recover the benefits, costs and expenses from the employer or whoever is legally responsible for payment.
